## Good Wishes

Thank you for making 1973 the best year in our history. We are very appreciative of the confidence you've placed in us, and we will do our best to deserve your business during 1974.

Our good wishes go to each and every one of you for a very happy and prosperous year. And, we at Bowers and Ruddy Galleries are looking forward to helping make it so for you!

## Recent Offerings

Our new *Rare Coin Review* is now being circulated. If you have not yet received your copy, you should receive it soon. If you've already ordered from this issue, we invite you to order again. While some items sell out right away, there are always thousands of coins which are available for a month or two after a *Review* issue is published. So, check your copy again for those Special Pieces of greatest interest. As certain items have been sold, we encourage you to list as many alternate choices as possible.

Speaking of alternate choices, one easy way to help us fill your order to its full amount is to list many alternate choices. If you want to buy, say, \$100 worth of coins, list \$500 or \$1000 worth of alternate choices. We will then check the first items requested, and if they are not available we will start at the top of your list of alternate choices and go down the list until the full amount of your order is filled. Issue No. 19 of the *Rare Coin Review* contains 116 pages of interesting things — so finding a lot of extra choices shouldn't be a problem!

### Things to Come

The catalogue of the Stanislaw Hersta Collection sale (to be held by our auction division, the American Auction Association) is in the mail. This sale, numbering 2226 lots in all, is destined to be one of the most important numismatic events of our time. We invite your participation by mail bidding or by in-person attendance.

If you plan to attend in person, a veritable numismatic festival awaits you! ## SUPERB QUALITY 20th CENTURY U.S. TYPE SETS

### Repeating a SOLD OUT Offer!

A few months ago we offered for sale a number of selected quality U.S. type sets, each one featuring the major types, sub types, and design varieties from 1900 to date, a span of nearly three quarters of a century.

The 100 sets we had were sold quickly, and we could have sold dozens more if we had only had them which we didn't.

### About These Sets

Over a period of years James F. Ruddy worked to complete 100 units of 20th century type sets, complete from the cent through the silver dollar, in the finest possible choice Uncirculated condition. It was his objective to offer a full set not a "short set," a set containing all of the rarer types. As a result the completed sets contain not one but two different types of buffalo nickels, not one but two different types of Liberty standing quarters, the 1909 V.D.B. cent, and so on.

After much searching, the 100 sets were completed in the summer of 1973. These were subsequently offered for sale and, as noted, they sold out immediately. At the time we were short several of the key issues—the 1917 Type I quarter, the Barber half dollar, and one or two others—of making up a few dozen extra sets. Try as we might, we could not find additional CHOICE pieces, so we returned many buyers' checks once the original 100 had been sold.

A few weeks ago we acquired an old-time collection, a group of coins purchased from us years ago. In the collection were several dozen each of the scarce pieces we needed to complete the sets. So, now we can offer these sets once again!

Each set contains the following pieces: (1) Indian cent; (2) 1909 V.D.B. Lincoln cent; (3) 1909-1958 type cent; (4) 1943 steel cent; (5) 1944-1945 shell case cent; (6) Lincoln Memorial cent; (7) Liberty nickel; (8) Type I 1913 Buffalo nickel; (9) Type II 1913-1938 Buffalo nickel; (10) 1938 to date Jefferson nickel; (11) 1942-45 wartime silver nickel; (12) Barber dime; (13) Mercury dime; (14) 1946-1964 Roosevelt dime; (15) 1965 to date clad dime; (16) Barber quarter; (17) 1917 Type I Liberty standing quarter; (18) 1917-1930 Type II Liberty standing quarter; (19) 1932-1964 Washington quarter; (20) 1965 to date clad quarter; (21) Barber half dollar; (22) Liberty walking half dollar; (23) Franklin half dollar; (24) 1964 Kennedy silver half dollar; (25) 1965 to date Kennedy clad half dollar; (26) Morgan silver dollar; (27) Peace silver dollar; (28) Eisenhower silver dollar; (29) Eisenhower clad dollar—all mounted in a beautiful custom-made Capital plastic display holder.

The task of forming these choice sets was a long and difficult one. Some pieces—the Barber dime, quarter, and half dollar, the Liberty nickel, and the 1917 Type I quarter are examples—are difficult to locate in truly choice Brilliant Uncirculated, even if but a single

### The Best Way to Sell Your Coins

Thinking of selling? In every collector's and investor's career there comes a time to sell. When you think of selling, we invite you to consider our American Auction Association service. In the past, leading numismatists from all over America, Europe, and elsewhere have made "the right decision" and have had us sell their coins. A beautiful catalogue—a first-class presentation without any "shortcuts" taken on photography or catalogue descriptions—will highlight your collection and will serve as a permanent tribute to your collecting endeavors. Our commission rates are most competitive. Our results are a matter of record. So, when you think of selling, think of us!

Right now we are accepting consignments for our next following sale, our auction to be held on May 31st and June 1st. Contact us today about including your individual rare coins, sets, or your collection. A really great sale is planned, and it would be a pleasure to include your coins.

specimen is desired! To find a number of these pieces was almost an unsurmountable task. This effort was complicated by the fact that nine out of ten pieces encountered of the scarcer issues had to be rejected for they were "almost", but not quite, the quality desired—even though the sellers usually described them as "gem" or "choice". The effort was made easier, however, by the fortuitous circumstance of being able to buy several perfect mint-condition rolls of certain early pieces—choice coins which had never been in numismatic hands before. After James F. Ruddy hand-picked the earlier pieces, the later issues were taken from official U.S. Mint sets chosen for their quality. All in all the result is a SUPERB collection illustrating the panorama of coinage during the 20th century, a span of 74 years!

### A Wonderful Investment

The quality is the finest that time and money can assemble. Do not confuse this offering with sets of lesser quality. Remember that, for example, a Barber half dollar in "almost" Uncirculated condition can be worth \$100 to \$200 less than the perfect one you'll be obtaining in your set from us. There is no substitute for quality. As such, this collection should be a wonderful investment for you in years to come.

### A Special Offer!

We have priced these CHOICE UNCIRCULATED sets at what we consider to be an unbeatably low figure. For this reason we must limit orders to a maximum of two sets per buyer. Please keep in mind that we now have only a few sets available, and that once these are sold the chances are nearly nil of our being able to assemble other sets for this price. So, a telephone call to reserve your set is strongly recommended!

Each complete set is just \$1,247.00 postpaid. (California residents please add sales tax or furnish resale permit.) We arrived at this figure by computing our regular prices for the nine rarer coins in the collection; the prices we normally sell choice, hand-picked Uncirculated specimens of the following coins for: Indian cent, Liberty nickel, 1913 Type I Buffalo nickel, Barber dime, Barber quarter, 1917 Type I Liberty standing quarter, Type II Liberty standing quarter, Barber half dollar, and Liberty walking half dollar. The other TWENTY COINS in the set plus the holder are absolutely FREE!

Guarantee: We guarantee you will be DELIGHTED with your 20th century type set collection. If for any reason you are not 100% pleased you can return it within 7 days for an instant cash refund without question. We might mention that each and every set we've sent out so far has been *enthusiastically received*. We know you'll be delighted with yours also!

We expect these sets will sell quickly. Order yours today by telephone or mail. Your set will be a priceless possession, a treasure for the future. Request "Superb 20th Century Type Set" when ordering.

## A Million Dollar Sale!

We have just purchased over \$1,000,000.00 worth of choice and rare coins! By way of this issue of the *Special Coin Letter* you have FIRST CHOICE at the scarcities and rarities from this fabulous group! (This listing features pieces valued upwards of \$100 per coin; less expensive coins will be featured in our next *Rare Coin Review* issue scheduled for release in August.)

If you've been a Bowers and Ruddy Galleries client over the years (many of our customers have been friends since we first started business in 1953) you know that our offerings of choice and rare coins sell out quickly. Considering the quality and desirability of the pieces offered in this issue of the *Special Coin Letter* and considering the activity in the current coin market, we expect the highlights from this Million Dollar Sale to sell out especially quickly! So, if you see some interesting items be sure to write or telephone us today. As always, alternate choices will be appreciated—and will not be used unless the first items requested have been sold. One easy way to help us fill your order to its full amount is to list many alternate choices. If you want to buy, say, \$500 worth of rare coins, list \$5,000 worth when you order. We will then check the first items requested, and if they are not available we will start at the top of your list of alternate choices and go down the list until the full amount of your order is filled.

At Bowers and Ruddy Galleries, Inc. the emphasis over the years has been on QUALITY and VALUE. When comparing price, compare quality also—and you'll see the reason why our catalogues sell out so fast! There is no substitute for quality, and our clients know this!

## Things to Come

It's not too early to mark the dates of November 4, 5, and 6 on your calendar. That's when we'll be having our spectacular autumn auction sale. This event is right in between the California State Numismatic Association convention in San Diego (which ends on November 3rd) and the Society for International Numismatics convention in Los Angeles (which begins on November 7th). So, plan to come to California for over a week of non-stop numismatics!

A number of beautiful consignments have been received for our November sale, thus assuring that it will be one of the most important numismatic events of our time. Many choice rarities in the fields of United States and world coins have

already been consigned. However, there's still time to include YOUR COINS in this outstanding auction. When you think of selling, think of the American Auction Association, our auction sales division. A beautiful catalogue—a first-class presentation without any "shortcuts" taken on photography or catalogue descriptions—will highlight your collection and will serve as a permanent tribute to your collecting endeavors. Our commission rates are most competitive. Our results are a matter of record. So, when you think of selling, think of us. Contact us now about our November sale.

## SUMMER SPECIALS!

#### CANADIAN OLYMPIC COINS

Much has been written about this spectacular new issue and there is no doubt that this is the most ambitious "Olympic" program ever instituted by any host country. This four piece .925 silver set is the first of seven to be issued by the Royal Canadian Mint to commemorate the 21st summer games which will be held at Montreal in 1976. The geographic theme is superbly done and should have great appeal to the collector. The 2 \$5.00 coins have maps of the world and of North America and the 2 \$10.00 coins bear the Skyline of Montreal and Sailboats and Landmarks of Kingston, Ontario ... all are in sonically sealed clear plastic capsules as issued at the mint. Priced right ... after all, face value is \$30.00 ... these Uncirculated quality sets are yours for \$3.50

#### ANCIENT SILVER ROMAN COINS

Due to a recent purchase of a hoard from the Near East, we are able to offer a nice selection of coins for the beginning and intermediate ancient collector.

There are virtually no two coins alike, and many are scarcer types. The dates of issue run from Roman Republic (B.C.) through the 3rd century A.D.

Lot A. Average G-VG, some need cleaning etc. but all are identified. \$8 each, three for \$22.

Lot B. Fine or better, mixed rulers, mostly denarii, some nice antoniniani. Trajan (98 A.D.) through 3rd century. \$16.50 each, 2 for \$32, 3 for \$45.

#### ANCIENT SILVER STARTER COLLECTION

We can also offer you a Starter Collection of Greek and/or Roman Silver coins! Send us \$75, \$100, \$150, or \$200 and we'll make up a nice selection, all different, which will represent a value of 10-20% more than you would pay individually from our stock. Coins are of our choice but do specify your preference for Greek, Roman, or mixed and we will do our best to please you.

Mention Ancient Silver Starter Collection when ordering. Your satisfaction is guaranteed (as always).

*NEWS about our "High Profits From Rare Coin Investment" book: Since its release in April this volume has become the fastest-selling book ever written on the subject of coin investment. If you haven't ordered a copy yet, we invite you to send \$3.95 today. We guarantee you'll find the book to be useful and interesting—or an instant cash refund will be given without question. The book has been favorably reviewed by leading publications. A recent review from "The American Collector" is reprinted below:*

**HIGH PROFITS FROM RARE COIN INVESTMENT, Q.**  
David Bowers, published by Bowers and Ruddy Galleries, Inc.,  
Los Angeles, CA 90028, \$3.95, 206 pages (paperbound)

The time is, of course, ripe for such a book. And Q. David Bowers, a director of Bowers and Ruddy Galleries, was the right man to write it, having helped make fortunes for many clients. The result of his efforts is a truly fascinating book that holds as much appeal for the wheeler-dealer investor as for the boy who treasures a collection of Indian-head pennies.

Predictably, the book begins with one of those wonderful coin stories involving a super-rarity—in this case, the 1894-S dime, of which only 24 were minted. What follows is a thorough and intriguing look at the investment coin market in its entirety. But more than just a look, the book is a guide for the investor. As the author puts it, "It is my sincere wish that this book will be your guide for making lots of money." What could be more appealing? Here, briefly, is what the book contains.

An introduction to coin investment, with plenty of advice and a look at past successes.

A history of the coin investment market from the middle of the last century right up to 1974. This chapter includes a look at the boom market of recent years and what caused it and explores the future of coins as an investment.

The third chapter details the advantages of coin investment, with advice—suggestions, comments on marketability, taxation, etc.

This is followed by a question-and-answer chapter on coin investment, with answers to questions investors are likely to ask. Should you buy quality? How does the price of a coin

affect its marketability? Should I buy many common coins or just a few rare ones? What grades of coins should I buy? How long should I hold my coins? The comments on coin grading are particularly important, of course, as grading is becoming more and more important to collectors.

The rest of the book deals with specialized areas: the history of U.S. coins, building an investment portfolio of U.S. coins, U.S. type set investment, investing in specialized U.S. coins, investing in gold coins, and investing in coins of the world. All include recommendations and assessments of future demand.

The information in this book is often startling—especially the price studies of coin investment over a 25-year period. But it is also useful. And we tip our hat to Bowers and Ruddy for offering it at a realistic price. You can order it from your local dealer or directly from the publishers at 6922 Hollywood Blvd, Los Angeles, CA 90018, postpaid. Just be careful if you send change. It may be worth more than its face value.

## Current Events

Thank you for your great and continuing response to our current *Rare Coin Review* No. 21. The cover coin, the beautiful and rare 1894-S dime, was one of the first coins sold! Soon thereafter followed the sale of the fabulous 1804 silver dollar, not to mention many other scarcities and rarities in the United States and world coin fields.

The present *Special Coin Letter* gives you FIRST CHOICE at selections from well over \$1,000,000.00 worth of coins added to our stock since our last *Rare Coin Review*. The present listing emphasizes scarcities and rarities—coins valued from \$100 to several thousand dollars each. Our next *Rare Coin Review*, scheduled for release in January, will feature inexpensive issues (as well as rarities, of course).

If you have been a Bowers and Ruddy Galleries client over the years (many of our customers have been friends since we first started business in 1953) you know that our offerings of choice and rare coins sell out quickly. Considering the quality and desirability of the pieces offered in this issue of the *Special Coin Letter* and considering the activity in the current coin market, we expect the highlights from this offering to sell right away! So, if you see some interesting items be sure to write or telephone us today. As always, alternate choices will be appreciated—and will not be used unless the first items requested have been sold. One easy way to help us fill your order to its full amount is to list many alternate choices. If you want to buy, say, \$500 worth of rare coins, list \$5,000 worth when you order. We will then check the first items requested, and if they are not available we will start at the top of your list of alternate choices and go down the list until the full amount of your order is filled.

At Bowers and Ruddy Galleries, Inc. the emphasis over the years has been on QUALITY and VALUE. When comparing price, compare quality also—and you'll see the reason why our catalogues sell out so fast! There is no substitute for quality, and our clients know this!

## The Dr. Curtis R. Paxman Collection Sale

The huge (weight: 1½ pounds!) catalogue of the Dr. Curtis R. Paxman Collection sale (and other important consignments) is in the mail and you should have your copy soon if you don't have it already. As the sale dates of November 4, 5, and 6 are rapidly drawing near, be sure to send in your bids RIGHT AWAY. Better yet, plan to attend this outstanding event in person. It will be held right in between the California State Numismatic Association convention in San Diego (which ends on November 3rd) and the Society for International Numismatics convention in Los Angeles (which begins on November 7th). So, plan to come to California for over a week of non-stop numismatics. Our sale will be held at the Sheraton Universal Hotel in North Hollywood (a district of Los Angeles). Complete details are given on page 2 of the Dr. Curtis R. Paxman Collection catalogue. By the way, if you're new to our mailing list and want a copy of this massive catalogue, send us \$5 and we'll airmail one to you right away.

## Consignments Wanted

Right now we are accepting consignments for our next following sale—our fabulous auction to be held January 30, 31, and February 1 in conjunction with the Long Beach (Cal.) International Coin and Stamp Exposition. Consignments already received assure you that this will be one of the most important numismatic events of our time.

However, there is still the opportunity to include YOUR COINS in this outstanding sale. When you think of selling, think of the American Auction Association, our auction sales division. A beautiful catalogue—a first-class presentation without any "shortcuts" taken on photography or catalogue descriptions—will highlight your collection and will serve as a permanent tribute to your collecting endeavors. Our commission rates are most competitive. Our results are a matter of record. So, if you're considering the sale of your coins to take advantage of the current market, think of us. Our January sale

## First Chance at Over \$1,000,000 Worth of New Purchases

is being planned RIGHT NOW—and we would like nothing better than to have you be a consignee—whether you have \$2,000 worth of coins, \$200,000 worth, or \$2,000,000 worth.

A few more thoughts about our auction service: When you think of selling, you are interested in obtaining the best price possible for your coins. When you sell via our auction sales we have the same incentive you do: the more you realize for your coins, the better we do as well—for we work on a commission basis. Our files contain many letters from consignors who have expressed their satisfaction with our sales. But perhaps one of the most interesting situations concerns the sale of the Armand Champa Collection . . .

For many years Mr. Armand Champa collected choice and rare coins. Then in 1972 he decided to sell his fabulous collection. He contacted leading dealers all over America and solicited competitive offers for his pieces. He also considered various auction proposals. After careful thought he chose our American Auction Association division to handle his coins at public auction.

The Armand Champa Collection sale was held by us in May 1972. Following the sale, the proceeds were sent to him. Then he did some calculations. To say that he was delighted with the results would be an understatement. In a situation unprecedented in numismatics, and completely unsolicited by us, Mr. Champa ran advertisements in leading numismatic publications to publicly thank us! The advertisements read in part:

"Thank you for the excellent handling of my coins by the American Auction Association. I was very well pleased with your wonderful descriptions of my coins . . . The prices realized nearly doubled the offers I received from other dealers."

Think of it, by selling through one of our auction sales Mr. Champa received prices which in his own words *nearly doubled the offers he received from other dealers*. We believe that Mr. Champa's decision to sell via our sales should influence your decision. We look forward to hearing from you in this regard. As noted, if you contact us soon we can include your coins in our great sale being planned for this coming January.

## SPECIAL

### Ancient Roman Coins

To introduce ancient numismatics to those collectors who have not yet "taken the plunge" into this most fascinating area, Bowers and Ruddy offers the following groups of carefully selected Roman coins, all struck during the first five centuries of the Christian Era. Each is identified as to denomination, ruler and years issued:

Lot I. 3 bronze (AE) coins for \$10. Mostly from the period of Constantine the Great, they are in typical VG-F condition.

Lot II. \$8 each; 2 for \$15; 3 for \$22. The majority are bronze coins in better-preserved condition than the above, and/or of less mintage. The earlier emperors are represented, such as Titus and Hadrian along with the later ones. Multiple orders will naturally receive fine variety.

Lot III. \$16.50 each; 2 for \$32; 3 for \$45. While mostly silver denarii and antoniniani, this group does include some attractive VF bronzes of Rome. The condition ranges from Fine upwards in the Roman silver, which number such Imperial luminaries as Trajan, Septimius Severus and Gallienus.

Lot IV. \$26 each; 2 for \$51; 3 for \$74.50. Again mainly silver coins, but a few EF or rare bronze coins are present. Silver denarii and antoniniani in Fine, VF and better condition form the bulk of this group including some very scarce coins.

Purchase a selection of these groupings and we will do our best to please you as to diversity and quality. We have a feeling you'll be back for more!

### WANT LISTS CAREFULLY ATTENDED!

*At the present time we have a generous stock of ancient coins, and our staff of numismatists would be delighted to attend personally to your want lists. We are constantly buying from European sources, too, so the likelihood of our being able to acquire "those special pieces" for you is pretty good. We cordially invite you to submit your want list of ancient coins today!*

### ANCIENT STARTER COLLECTIONS

As the result of a very fortunate purchase that we made recently—a nice hoard of different kinds of ancient coins brought to the United States from Turkey—we are able at this time to offer you a wonderful Starter Collection of Greek and/or Roman (we can mix them if you wish) silver and bronze coins! This is really an outstanding opportunity, as hoards like this are so seldom found. Insignificant collectors traditionally take advantage of the chance to buy from a hoard, as it not only lets you buy these greatly historic coins at somewhat reduced prices but also offers the rare chance to receive unusual or even unrecorded varieties from the group. There are some excellent coins, very fairly priced, in this rather small hoard—and we are sure that many of our customers will want to add some to their collections.

Here's how to act on this unusual opportunity: merely send us \$75, \$100, \$150, or \$200 (no more, please—there aren't enough coins!) and we will make up an interesting and pleasing selection, all different, which will represent a value of from 10-20% more than you would pay individually for these coins if buying them from our listing. Coins are of our choice, but do please specify your preference for Greek, Roman, or mixed. We'll do our best to please you!

Mention Ancient Starter Collection when ordering.
